

# STAY ALIVE

## DECA 20 January 2013

### Do you want to develop your driving skills in a safe and friendly environment?

Our 'Stay Alive' day caters to all drivers whether you are a learner driver, P-Plater, experienced driver, or a Car Club enthusiast who wants a refresher course.

In one fun-filled and educational day you will be able to learn defensive driving techniques and advanced driving skills at Australia's safest driving training facility boasting Australia's biggest skid pan.

After a two hour theory session held in Melbourne you will travel to Shepparton where our qualified instructors will take you through the practical sessions.

At the end of the day you will have the opportunity to take a quick spin in an exotic car.

### Cost

- **\$150** per person or **\$250** per vehicle (two drivers only)

### Includes

- Morning and afternoon tea
- Food and refreshments

All profits will be donated to the 'You'll Never Walk Alone' **Victorian Cancer Council** Relay for Life team in memory of Stephen Pouliassis.

### PRACTICAL SESSIONS

#### Level 1, Defensive Driving

- Correct braking techniques for ABS and non-ABS cars
- Vehicle skidding – causes, control, and prevention in wet and dry conditions
- Vehicle dynamics and control
- Effects of speeding, reaction times, stopping distances, and general awareness
- Vehicle cornering; lines, braking, accelerating, and safe cornering speeds
- Tyre safety, tyre pressure, wear, etc.

#### Level 2, Advanced Car Control

- Vehicle skidding: causes, control, and prevention in wet and dry conditions
- Vehicle dynamics and control – under steer/over steer
- Vehicle cornering; lines, braking, accelerating, safe cornering speeds, freeway and country road driving, 100km/h to 110km/h
- Handling your vehicle in emergency conditions
- Throttle steering
