

April 24<sup>th</sup> and 25<sup>th</sup> 2010

## **A New Touring Road Event**

Mountain Motorsports are pleased to announce the inaugural San Remo Rally to be run in the Bass Coast region of Victoria and based in San Remo.

This 2 day event will consist of navigation sections plus driving tests on both days and is open to all vehicles.

If your idea of a perfect weekend is a spirited drive through beautiful countryside, over some excellent sealed bitumen roads in your special motor car, socializing with like minded people, then this is just the sort of tonic you need.

For only \$480.00 it's a great way for owners to enjoy their pride and joy, however, there is a serious side to the weekend as navigators have their heads down as they map their way over some real driver's roads.
